PRO SERIES THERMAL LAMINATION 1000

When security and durability are priority in your card production environments, the TL1000 PRO SERIES, gives you the quality and performance you need.

- The TL 1000 PRO SERIES is designed to offer a longer lifespan and security for your cards via an internal laminator which applies a thin over-laminate to each card.

- The TL 1000 PRO SERIES prints text, images, logos, and allows for magnetic stripe encoding as well as barcode printing.

- An optional flip over station is available for double sided thermal printing
